

Curriculum Vitae

Dr.-Ing. Heiner Lang

Member of the Executive Board of Bosch Rexroth AG

2019-07-31

Dr. Heiner Lang has been responsible for engineering at Bosch Rexroth AG as well as the factory automation division as a Member of the Executive Board since August 1, 2019.

In January 2017, Dr. Lang joined Bosch Rexroth AG as Vice President Technical of the Business Unit "Industrial Applications". On July 1, 2017, he became President of the Business Unit "Automation and Electrification Solutions". This Business Unit offers a broad range of drive and control technologies for factory automation and delivers Industry 4.0 solutions for the factory of the future.

Dr. Heiner Lang studied mechanical engineering. He started his professional career at Karl Klink GmbH, where he became Head of Research and Development for broaching technology.

In 2009, he joined MAG Europe GmbH, a major supplier for metal cutting machines to the automotive industry as Chief Technical Officer. With the foundation of the MAG IAS Group, Dr. Lang became Managing Director (COO) of the MAG IAS GmbH. Before joining Bosch Rexroth, he had served as President of MAG IAS GmbH (Europe & Asia).
